Category	Project Name	Core Description	The Narrative (Who You Are)	Strategic Value	Focus Area	Figma/Prototype
Tools for Thinking	**DAG**	Transforming messy design text into structured dependency graphs.	"I build software that helps people organize complex data and workflows."	Proves you are a Systems Thinker.	Information Architecture	Purple
	Dymoflo	A tool for architectural analysis that lets designers "converse" with crowd flow data.			Data Visualization	Yellow
	Dot Threads	A Memex-inspired spatial canvas for saving and connecting web links.			Knowledge Management	Purple
Embodied Interactions	Piko	An AI soft toy companion that physically intervenes to stop doomscrolling.	"I give technology a physical, emotional presence."	Proves you are a Creative Technologist.	AI & Hardware	Purple
	Kiss Comm	An IoT device that uses breath sensors to transmit emotional intimacy over long distances.			IoT & Haptics	Purple
	MusiBuddy	A sensing speaker that reacts to its environment.			Ambient Computing	Yellow
Spatial Interactions	Detour	A "Flaneur" app that encourages functional breaks and city discovery.	"I bridge the digital layer with the physical world."	Proves you understand Context.	Location-Based Services	Purple
	Serendipidity	AR tool for leaving virtual notes and stories embedded in real-world locations.			Augmented Reality	Yellow
	Tangible Pixels	A projector-based game where physical hands act as digital blocks.			Tangible UI	Purple
Product & Strategy	Google Lens	Defining "Intent Chips" and forming PRDs for a massive consumer product.	"I execute complex strategies at scale, from pixels to campuses."	Proves you are a Professional.	Product Definition	Purple
	Google Cal	Designing context-aware scheduling with a clear business proposition.			UX Strategy	Yellow
	Tirupati Campus	Strategic spatial optimization for a manufacturing giant (Amara Raja).			Service Design	Purple
	Shell Env. Graphics	Applying design systems to large-scale physical environments.			Environmental Design	Purple
